

PROJECT MANAGEMENT CHALLENGE 2006

Third Annual NASA Project Management Conference

BIOGRAPHY

Mr. John Baniszewski
Deputy Project Manager for Resources
NASA GSFC

Biography:

John Baniszewski has 27 years of leadership experience with such NASA satellite projects as Landsat, Hubble Space Telescope (HST), the Earth Observing System (EOS), the Tracking & Data Relay Satellite (TDRS), and the NASA/NOAA Meteorological satellites. He has served as a Deputy Project Manager, Financial Manager, Procurement Manager, and Contracting Officer. He is currently the Deputy Project Manager for Resources for the Mars Laser Communications Demonstration Project. He is a two-time recipient of the Goddard Exceptional Achievement Award, and five-time recipient of NASA's Acquisition Improvement Award. He also conducts seminars on leadership, based on the lessons of American history.
